Home Builders Association Donates \$10,000 to Living Well Foundation

2010 HBA President Sean Flower of Flower & Fendler, Inc. (left) presented a \$10,000 donation to Jean Huelsing, RN, BSN, MEd, founder and chief executive officer of the Living Well Foundation, on behalf of the Home Builders Charitable Foundation.

The donation will be used to replace showers at Living Well Foundation's Living Well Village located in Imperial, Mo. The Foundation's mission is to create healthier individuals and/or families through experiential learning across the life cycle. Living Well Village is a camp with 250 acres and 26 buildings on-site and hosts health and wellness programs. One of its main goals is to impact the obesity epidemic in children through prevention and treatment programs. Groups live on-site for a period of time in the residential cabins and learn nutritional information, meal planning, fitness options, eat portion controlled, well-balance meals, have fun and get time to plan a new life style.

The HBA is a local trade association of more than 800 member firms representing the residential construction industry. The Home Builders Charitable Foundation, the HBA's charitable arm, is a non-profit organization dedicated to providing housing assistance to people or organizations with special shelter needs.
