Home Builders Association Donates More Than \$11,000 to Youth In Need

2009 HBA President **Dan Barnard** of **Greater Missouri Builders** (left) presented a \$11,565 donation to **Rob Muschany**, vice president of development and marketing for Youth In Need (YIN), on behalf of the Home Builders Charitable Foundation.

The funds will be used to make residential facility improvements to YIN's Transitional Living Program including flooring updates, interior painting, door and shutter installation and outdoor lighting. YIN's Transitional Living Program provides a group home and scattered-site apartments where homeless youth, ages 16 to 21, learn independent living skills, work to complete their education and learn to become productive, self-sufficient members of the community.

The HBA is a local trade association of nearly 1,000 member firms representing the residential construction industry. The Home Builders Charitable Foundation, the HBA's charitable arm, is a non-profit organization dedicated to providing housing assistance to people or organization with special shelter needs.
