If you work in pre-1978 housing, then you can't afford not to be at this program!

This session will focus on the new Federal lead paint law going into affect on April 22, 2010. Discussion topics to be discussed are: how the lead paint law will affect your business, what you need to do to become compliant, how you are incorporating the new procedures into your budget, how you'll use the law as a selling tool to your customer and much, much more!

BONUS! Take the guesswork out of what language you need to add to your contracts and opt-out forms. Carl Lumley with Curtis Heinz Garrett & O'Keefe PC has prepared addendums and forms you will need which will be available to all attendees at this program. You can't afford to miss this informative session! *Size is limited to 40 attendees!*
