

New OSHA Rules & Requirements You Must Know

Learn about important national and local OSHA updates and how they may affect your business.

Attendees will be informed of the new crystalline silica standards, as well as updates and changes to personal fall protection system requirements, OSHA's injury and illness recordkeeping and reporting requirements and more.

Hosted by Eric Caldwell, MS, CSP, of Gateway Safety Consulting, LLC. Eric has served as a safety professional for over 15 years focusing on occupational safety and health within the construction, industrial and environmental fields.

Register online at www.stlhba.com/events by Friday, July 14!
